### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The classes for the 2020 - 2021 academic year was almost completely conducted online.

- In June with the commencement of the academic year, all the faculty members were required to be present in the college on all working days.
- A G suite account was created for the college and all teachers were provided with an email id. Teachers were given a one day training on how to effectively use the google workspace to conduct online classes.
- Online classes were conducted from the college according to a special timetable prepared especially for this purpose.
- A weekly report of online classes taken by each teacher was submitted to the Principal.
- Some classes were uploaded on youtube, so that students could watch the classes many times at their convenience.
- Online class tests and viva was also conducted regularly to

assess the progress of the students and analyze the effectiveness of the online classes.

- Teaching and learning platforms like google classroom were used.
- Online Model examinations were organized prior to the University examinations. These exams were conducted with online video supervision.
- PTSA meetings were also organized to communicate the progress of the students to their parents.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The academic calendar is published by the University at the beginning of each academic year.

- The institution strictly adheres to the dates published for each semester.
- During the academic year 2020 -2021, as a result of the Covid 19 situation a complete academic calendar was not published by the University.
- The institution followed all the directions and dates regarding the semester commencement and exam dates published periodically.
- Online class tests were conducted regularly by the teachers engaging various classes using online platforms like google classroom.
- Seminars were conducted online and assignments were uploaded as per schedules prepared by the teachers engaging the classes.
- Model examinations were conducted prior to the commencement of the University semester examinations under camera surveillance.
- The timetable for the model examinations were prepared and published well in advance so that the students could prepare well.
- Google classroom platform was utilized to upload and

evaluate the answer scripts.

- Results were published and online PTSA meetings were organized.

• Internal marks awarded on the basis of these evaluative methods were also published before being uploaded onto the University portal.

### 1.3 - Curriculum Enrichment

#### 1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

Courses relating to Gender, Environment and Sustainability, Human Values and Professional ethics form part of the formal curriculum for many programs that the HEI offers.

With the restructuring of UG course in the year 2017, a mandatory course on Environment and Human rights was included in the

syllabus. This course is compulsory for both Arts, Commerce and Science students and is taught in the fifth semester.

The PG course in English and UG course in History also includes a course on gender issues. For those students who are not exposed to formal and mandatory sessions on these issues the institution organizes many seminars, discussions and programs for the students.

The Department of History organized a webinar series on Gender studies with many eminent personalities who were resource persons. This webinar was attended by many students of this college as well as other colleges.

The NSS and NCC unit organized many programs such as webinars, tree planting, cleaning the campus. The NCC unit conducted a webinar on child protection. And also organized a help desk to deal with students who were stuck in various places due to the lockdown.

<b>2.2 - Catering to Student Diversity</b>	
2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners	
Slow and advanced learners are identified by each department at the initial stages of first year UG classes by conducting an entry level test and a personal interview and assesses their learning	

levels. This year as a result of online classes slow learners were identified by some of the class wardens of each class on the basis of an online viva.

For the slow learners support was provided by conducting additional online classes in addition to the regular classes. Revision of the topics was also done at the end of each semester. Students are provided with question banks and keys, so that they can prepare for the examinations using these notes.

Assignments and seminars are done in each semester. These seminars are presented online by students This improves their presentation skills.

Advanced learners are provided with incentives like being made class and group leaders to take charge of various activities like association activities or conducting classes for other students that provide them with more exposure and knowledge in their subjects of study.

For deserving students the college offers financial assistance. Career guidance classes were also organized for final year UG and PG students to prepare them for their future.

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Video lectures have become a salient feature now. Video conferencing as a Teaching Learning tool is widely used during the pandemic and post-pandemic days, by which the students were kept at par with the curricular demands set by the University.

**Experiential learning** This was limited to smaller projects which the students were able to complete during the few days that they were permitted to attend college on a regular basis. Internships and field work could not be included due to the lockdown.

**Participatory learning.** As a result of the pandemic and lockdown most of the classes were conducted on an online mode and hence there were few opportunities for participative learning. Some quiz programs were organized as well as online celebration of cultural events. Association activities were also organized using various ICT enabled platforms like zoom and google.

**Problem solving methodologies** Project work is included in all the programs taught in the college. This was presented in a problem solving methodology by suggesting a suitable problem related to their field of study to which they found a method to solve and utilized it in their project. However this was conducted only in a limited manner due to the pandemic restrictions.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

The institution has always embraced new inventions and technology that revolutionizes the field of education especially in teaching-learning process. Teachers are updated regularly about the advancement in the area of ICT by seminars.

The college is keen on making its faculty adapt to the evolving trends. In view of this the college conducts regular orientation programs for the faculty.

Since the pandemic and introduction of lockdown all classes have been conducted online using the google workspace. Lectures, seminars, assignments, class tests, model

exams and even cultural programs are organized using the google workspace.

Webinars, orientation classes, career orientation and training programs are all conducted online.

The high speed Wi- Fi enabled campus provides a dedicated free internet connection to faculty members. The newly constructed air conditioned seminar hall is fully furnished with ICT facilities. All the departments possess multiple laptops/ desktops, printers and scanners under each department. The interactive boards and projectors are also provided to departments

Our fully automated Library provides the teachers and students with facilities like INFLIBNET, N LIST etc.

Under the guidance and surveillance of the tutors, departments maintain class wise 'WhatsApp groups'. These groups update the academic activates, share teaching learning materials

## 2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

- As per the syllabus regulations for both UG and PG courses conducted in the college twenty percent of the total marks for every course must be by internal assessment.
- These 20 percent marks/grade are awarded to the students on the basis of tests, assignments, seminars/viva voce and attendance.
- There are strict guidelines provided by the University regarding how these marks are divided among the different components of internal assessment. The institution strictly follows these guidelines.
- Due to pandemic regulations all of these components were conducted online with camera supervision of tests.
- This year as per the recommendations of the University attendance was not considered for internal assessment as some students had net connectivity problems and could not attend some classes.
- The internal marks awarded are published either on google classroom or in Whatsapp groups of each class.
- Any grievances can be notified to the class wardens or Head of department which are then placed in the Grievance redressal cell of the college.
- Class wardens instruct their respective classes regarding the importance of the internal/external mode of exams.
- Under strict evaluation, if any student fails to fulfill the criteria of average grade/mark, opportunity is given for re-submission of assignments or reexamination

File Description	Documents
Any additional information	<a href="#">View File</a>

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

The institution has a robust mechanism to deal with the process of conducting internal examinations as well as providing a transparent process for any student who wishes to make a complaint regarding the internal assessment. In addition any complaints of the students regarding internal examinations are dealt with quickly and in a transparent manner.

The internal assessment is not used a tool for personal favor or vengeance. In order to ensure this, students are given a right to know how the respective teacher arrived at the grade/marks. Yet if there is any grievance from the students, a three level mechanism is provided to address it. The students can appeal to the higher level if the grievance is not satisfactorily addressed at the lower level.

- Department level: It is chaired by the Head of the department.
- College level: A senior teacher is the chairman of the Grievance redressal cell. It consists of a total of three teachers from various departments and two student representatives.
- University level: It is constituted by the Vice chancellor.

There were no complaints or grievances from the students regarding the internal examinations or internal assessment conducted during the academic year.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Programme Outcomes (POs), Programmes Specific Outcomes (PSOs) and Course Outcomes (COs) are basic parameters assigned to quantitatively and qualitatively measure the outcome of a particular programme/course

- MG University provides POs, PSOs and COs of every programme/course offered by it through its official website. Framed by Board of Studies in consultation with experts and discussed in workshops.
- The College website also provides POs, PSOs and COs of every programme/ course offered by our institution. They are prepared by IQAC and faculty members in consultation with experts.
- Orientation Programmes were conducted by the College as a whole and individually by each department at the beginning of the academic year for both UG students. Parents are also invited to the orientation programme
- The College Handbook/ Calendar also provide the comprehensive yet detailed outline regarding the level of intellectual achievement expected from each programme when completed successfully. A copy of the handbook was given to all the students.
- The faculty members were briefed regarding the allocated subject/portion and its POs PSOs and COs, during the department meeting held at the outset of the academic year.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

#### ASSIGNMENT

Assignments submitted by students or groups help teachers in the

continuous evaluation process.

#### CLASS TESTS

Regular assessment of the programme outcomes is ensured by the institution through class tests and objective evaluation

#### PROJECTS

Our students are advised to select projects which provide them opportunity to develop in their future studies. This method will help students to make their academic/job profile more attractive. Students are guided and monitored by experienced faculty members.

#### INTERNAL EXAMINATIONS

Conducting of Internal exams provide a formative and summative evaluation of students.

#### SEMINARS/WEBINARS

Seminars or rather webinars help the students to present their findings with a critical bend of mind and resourcefulness. This also helps them to get acquainted with the best that is known and taught in their respective faculties of knowledge

#### VIVA- VOCE

Viva-Voce is an integral part of student assessment. It demands for objective and methodical assessment of the syllabus. The communication skills, manner of comprehensive articulation of students are tested.

#### MODEL EXAMINATIONS

These are conducted at the end of each semester to prepare the students to face the University examinations. It provides a basis for the assessment of the students regarding how well prepared they are to write the examinations.

## 3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The college has been very progressive and genuine in developing scientific temperament among students and forming an innovative

atmosphere. The college has a Research Committee to give guidelines, to monitor and to address the issues of research. Creating research culture among faculty members and students is its primary objective.

As part of this the projects completed by students are designed to give them a hands on experience of how they can utilize the knowledge they have gained to solve problems and create knowledge.

The institution also has a Innovation and Incubation cell which was registered and introduced in the college with the purpose of providing support to students with innovative ideas to implement their projects and build their own startups.

The pandemic was a drawback in this regard as only a limited amount of support could be provided to students for creation and transfer of knowledge.

When the need arose to provide sanitizers and liquid soaps to fight the covid 19 virus students and teachers put in efforts to make large quantities of sanitizers and soaps. This was used to provide the general public to be utilized at the bus stops and other public places.

### 3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The institution ensures learning through extension services to instil civic responsibility, patriotism, and service mentality among students. The various extension activities conducted under the initiative of various departments and clubs aimed to nurture students with potentials to meet the present day demands and inculcate the spirit of commitment to their society and the country.

As a result of the pandemic the usual large number of extension activities could not be carried out.

The NSS unit of the college could organize a few activities like tree plantation, Covid conselling cell, Hair donation foe cancer patients, making and providing san ritizers for the public during the pandemic and yoga training for families by the students.

The NCC unit could also organize some activities like tree pantation, yoga class and Help desk for pandemic affected students stranded in various places.

The Chemistry department rose to the occasion of battling the pandemic by making sanitizers and hand wash liquid for the public.This was organized in collabration with the NSS unit of the college.

Inspite of the lockdown situations the students could do some useful activities. It also sensitized the students about the needs of the people.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms )

Student Council aims to nurture and develop the leadership and organisational skills of students. The student council serve as a medium for students to learn the different aspects of self-

government.

The College Union or student council consists of members elected by means of parliamentary election procedure as per the guidelines of Mahatma Gandhi University. Two representatives from each UG and one from each PG class are elected. These representatives elect the office bearers for the College Union. The various posts of the College Union include Chairman, Vice Chairperson, General Secretary, Arts Club Secretary, Magazine Editor, University Union Councillors, Lady Representatives, Class Representatives and Sports Club Secretary.

The Principal nominates a member of the staff as the Staff Advisor to guide the students. The Union acts as a voice of the student community.

Representatives of students are members in various official committees of the College, including IQAC. In addition to the Convenor of each club, students are members of various committees like, Grievance Redressal Cell, Anti-ragging Committee, NSS Advisory Board, Women's Hostel Advisory Board and various clubs which actively function in the college.

As a consequence of the pandemic and lockdown College union elections could not be held this year.

#### 5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

Alumni Association is active in sponsoring many activities, prizes for competitions, books and equipment's. The total contributions of the alumni is more than five lakhs over the years. Their constant support both financially and help in other ways have enriched the campus. Our alumni who have high academic achievements and are professors in Universities abroad have enriched our present students by their seminars and webinars.

The alumni association has an annual get together in January. This year as a result of the pandemic the annual meeting could not be held.

Many of our alumni living abroad could not travel and were also economically affected by the pandemic so there were no programs or donations during the year.

## GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The activities of the institution is guided by the vision and mission that focus on uplifting the socially, educationally and economically vulnerable sections of the community, by attaining equality and excellence in higher educational institutions.

**Vision:** Service to the society through improvements in the quality of rural life.

**Mission:** To produce intellectually well trained, socially committed, morally upright, emotionally competent and spiritually inspired citizens > To provide value based quality education. > To promote higher education in the adjoining economically and socially backward area.

The day-to-day affairs of the College are managed by the Principal ably assisted by the Staff Council, the IQAC, the PTA and various other bodies. The active dialogue that happens between the beneficiaries and the authorities is the prime reason behind our progress. It is our conviction that all-round development happens only by total and integrated formation that prompts us to take care of all aspects of student growth.

. The Staff Council of the College, which is a consultative body for the Management and the IQAC frames and plans all the activities in the College

The institution strongly believe that its vision and mission will be attained only in a free and conducive academic atmosphere.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The various departments of the college enjoy a great deal of freedom with regard to the management of day to day affairs of the department and management of the laboratories and facilities.

The online classes that the entire educational system of the country was forced to adopt was an entirely new challenge for all the students and teachers. Many teachers were not tech savvy enough to handle these classes. So an initiative was taken up by the younger generation of teachers to coach all the teachers on using the google workspace.

A Gsuite ID was created and faculty members were given an email ID with the name of the college.

A timetable was prepared that involved both live and non live classes as students could not attend five hours of live classes daily due to lack of internet connectivity.

IQAC requested all teachers to reach out to students who did not have good net connection by recording and hosting the video of the classes on you tube or google classroom.

All programs were organised using various online platforms

This is an example of participative management of student, teachers, Principal and the management to face the challenge of the lockdown.

## 6.2 - Strategy Development and Deployment

### 6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

Perspective plans for development are drawn up based on the vision and mission

Envisaging the greater needs of the HEI a planned development of the infrastructure of the college was instituted.

To comply with the rules and regulations of the University of making the Self Financing programs of the institution entirely separate from the regular aided programs of the college. A separate three storied building was designed and construction was begun and is progressing at a fast rate. This building has all the facilities necessary for conducting the two self financing programs in the college and also has a separate entrance from the road.

As the library is very small and is insufficient for meeting the needs of the students. The management on the suggestion and recommendation of the IQAC and staff council decided to construct a separate building for the library. This was planned and proposed in the proposal put forward to RUSA. The proposal was sanctioned and at present construction is being completed.

Smart classrooms and a seminar hall were all part of the strategic plans for the development of the college. This has all been included in the proposal submitted to RUSA and is now being completed.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The democratic decentralized way of functioning of the Principal, regular meetings of the staff council, PTA, alumni association, elected college union etc ensure the involvement of all its stake holders in planning, implementing and evaluating the academic as well as co-curricular activities of the institution.

The Board of directors: The Board of directors of the St Mary's Jacobite Syrian Charitable and Educational Society which manages and governs the college appoints a Manager for the college. The Board of directors meets on necessary occasions and formulates broad policies for the smooth functioning of the college on three grounds- administrative, academic and financial. In each meeting, the report submitted by the Principal, is reviewed and discussed.

The Principal: The Principal is the fulltime officer in the College to provide requisite leadership in accordance with the policy of the Management and the institution. Being the principal Executive and Academic Officer, the Principal presides over the meetings of various cells and committees here.

The Staff Council: This is an advisory and consultative body consisting of the Principal,

Heads of Departments and two nominated members

The Internal Quality Assurance Cell : This is the quality monitoring body of the college which meets often

**6.3 - Faculty Empowerment Strategies**

6.3.1 - The institution has effective welfare measures for teaching and non- teaching staff

The formal welfare schemes for teaching & non teaching staff include medical reimbursement, encashment of surrender leave, half pay leave, festival advance for NGO employees and six months maternity leave.

The teaching staff has a staff club and the non-teaching staff has a non-teaching staff association. The retired staff also have a retired staff association.

The teachers and non teaching staff had a meeting to celebrate Christmas. Another festival Onam which is usually celebrated with fervour by the staff association could not be organized because of covid restrictions.

Management acknowledges the services of the retiring staff members with felicitation meetings, mementos and lunch. This two of our teaching staff and two non teaching staff retired. A farewell meeting was organised to honor them and their services to the institution. Benefits for the retired hands were disbursed without delay.

College co-operative society provides for the requirement of staff and students. However it was locked as there were no students in the campus due to covid restrictions.

The College canteen provides hygienic food but was also locked this year. The well equipped gymnasium is available for all staff members. The reading room in the library provides a variety of newspapers and magazines.

### 6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The performance of teachers is assessed by the students through an evaluation form. Printed formats are distributed among students for the assessment and summarized results of evaluation are handed over to the teachers for improvement. Even though this is the

format followed every year due to Covid restrictions an online feedback was collected.

Evaluation of the institution is also done by the students and parents. The feed backs obtained from all the stakeholders are used for evaluation and improvement.

Suggestions\complaints obtained in the box in front of Principal's office also serve as data for positive improvement.

Self appraisal forms prepared by the faculty also help in performance assessment and improvement. Internal Quality Assurance Committee (IQAC) ensures quality in all academic and administrative endeavours. Achievers are facilitated in the staff meeting and alumni annual get together.

Online PTA Meetings conducted by the departments provided occasions for interaction with parents and also for collecting feedback from parents on syllabus, facilities, teaching-learning and allied components.

The weekly work report submitted by each teacher regarding the schedule of online classes taken and work done during each class is a self appraisal and means of monitoring the work of the teachers.

## 6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

The HEI has transparent mechanisms to monitor efficient use of available financial resources. Managing decisions are taken and financial resolutions passed after detailed deliberations in the Board and Staff Council meetings

The Board of Directors is actively involved in the planning and monitoring of available financial resources of the management. The funds required are submitted to the board to be included in the

annual budget of St Mary's Jacobite Syrian Charitable and Educational society which governs and manages the HEI. Sanctioned amount can be availed by the Principal. The Management has appointed a staff member for management accounts. Allocated UGC funds are divided after planning in the UGC steering committee.

The NSS and NCC funds are audited separately. During this financial year NCC and NSS unit did not receive any funds due to the lockdown.

The HEI conducts Three levels of Audit:

- Internal Audit of management accounts by the Chartered Accountant appointed for the purpose.
- External Audit by the Deputy Director of Collegiate Education Department.
- External Audit by the Accountant General of Kerala

The management accounts were audited and filed. Deputy Director conducted an audit of all accounts between the years 2014 - 2019. This was conducted in January 2020.

#### 6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The HEI received funds from various agencies like:

- UGC.
- From various Government Departments like Director of Student Services (DSS)
- 
- From State Government for NSS
- Financial assistance from Management
- Fees collected from self-financing courses deposited in the College Account
- PTA funds
- Contribution from teachers
- Alumni Contribution
- Endowments and Scholarships

Major source of institutional funding is from management, UGC, State Government and income from self financing courses. Management funds are utilized when UGC and Government funds are insufficient. The salary of the guest staff are paid by the Government.

Additional supporting staffs are appointed for the smooth functioning of the college. Their salary is met by the management fund. For aided courses, salary of teaching and non-teaching staff is met by the Government

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The IQAC of the College gets together frequently to devise ways and means to bring about

qualitative changes in the Institution. The IQAC has formulated and introduced many significant qualitative changes in the institution during this academic year. These were introduced as a means of monitoring the online classes that was the mode of education during the lockdown.

A survey was conducted to know how many students did not have a mobile phone or laptop.

A timetable was prepared that involved both live and non live classes for the students as many students were not in a position to attend five hours of classes daily due to lack of internet connectivity.

IQAC requested all teachers to reach out to students who did not have good net connection by recording and hosting the video of the classes on you tube or google classroom.

A weekly report of all classes taken, videos uploaded and other work done was collected and checked by the Principal.

IQAC rose to the occasion to meet all the unusual demands of the pandemic to ensure quality education for all students of the institution.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The IQAC has formulated and introduced many significant qualitative changes in the institution during this academic year.

The online classes that the entire educational system of the country was forced to adopt was an entirely new challenge for all the students and teachers.

A survey was conducted to know how many students did not have a mobile phone or laptop.

A timetable was prepared that involved both live and non live classes for the students as many students were not in a position to attend five hours of classes daily due to lack of internet connectivity.

IQAC requested all teachers to reach out to students who did not have good net connection by recording and hosting the video of the classes on you tube or google classroom.

Later a feedback on the effectiveness of online classes was conducted and analysed to know our weaknesses.

It was found that many students did not actually attend the classes but joined in but left to do some other work. In order to encourage students to take their classes more seriously parents were informed about this practice of their ward/child and asked to monitor whether they are actually listening to the class.

**INSTITUTIONAL VALUES AND BEST PRACTICES**
**7.1 - Institutional Values and Social Responsibilities**
**7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year**

Women in Kerala are educated on par with men and this is reflected in our student profile. We have much more girl students than boys. The number of boys are 267 and girls are 367 this academic year.

The number girl students admitted to the PG programs also have more girls than boys.

All the clubs and cells that are part of the extended profile of our campus have active participation of girls.

NSS has 64 girl students compared to 36 boys while NCC has 34 girl student out of a total of 100 students.

The department of English has courses on Gender studies and as part of their curriculum for MA English program

The department of History also has a mandatory course on gender studies as part of their BA History program.

The department of History organized a certificate course for students and teachers on Gender studies. Many eminent speakers

were invited as resource persons for the webinars organized for this course.

Among the teachers recruited during the year, majority of them were women.

The HEI has an excellent Ladies Hostel within the campus and a Ladies Waiting room for day scholars.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

At St. Mary's College there is a system for effective management of waste.

**Solid Waste:** Solid waste is usually segregated and collected and disposed separately. This year this process was not necessary as

there were no regular classes for most of the academic year.

**Liquid Waste:** The diluted chemicals and solutions (liquid waste) from the Chemistry laboratory is disposed effectively by running water in sinks to pits which contain charcoal for further treatment

**Biomedical waste:** For disposing biomedical wastes such as sanitary napkins, the college has installed two eco friendly napkin disposal system. Specimen and plant waste from the laboratory is disposed in compost bed for vermicomposting. Microbiological wastes are disposed in landfills after sterilization.

**E waste:** This year there was no e-waste generated.

**Waste recycling system:** It is better to avoid waste generation than find ways to treat it. The HEI believes in this maxim and hence we limit our waste generation to a minimum. Instead of using disposable cups and plates we use steel ones which can be reused. Plastic flex boards are never used as banners but cloth ones are used.

**Hazardous chemicals and radioactive waste management:** There are no hazardous wastes.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

St Mary's college is coeducational and has students from different communities, religions, economic background, different regions of the state. However there are no linguistic differences among the students as the institution is located in a rural area and the students studying are from within the state.

There is no discrimination in the institution with regard to any aspect of the educational process and this provides a sound culture for the students to be likewise. There has never been any incident of exclusion in any activity in the college on the basis of cultural

or economic diversities.

All festivals are celebrated with fervor by all the students and is organized with the sanction and encouragement of the Principal and staff council.

Unlike earlier years now students being admitted to the institution are from the northern regions of the state and they are welcomed and encouraged to show case their cultures.

Students from economically weaker families form most of our students strength but they are never made to feel this difference. Any activity like class tours are always conducted including all the students and the expenses for this is born by the staff and economically well off students of the same class.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

In order to sensitize the students and employees the institution usually organizes commemorative days like Independence day, Republic day, every year.

As a consequence of the pandemic and lockdown there was no regular offline classes for students till the December 31, 2020. Hence there were no celebrations on a grand scale involving the whole college as is the usual practice. However on a smaller scale there were some celebrations of Independence day organized online. Republic day was celebrated offline with a message and National Anthem competition by the NCC unit

The college has an election every year on a date that is fixed by the University for all affiliated colleges. The election is organized to elect students to the college union which is the official body of students that speaks for the student community. The College Union or student council consists of members elected by means of parliamentary election procedure as per the guidelines of Mahatma Gandhi University. This process is extremely important and sensitizes the students regarding their responsibilities as citizens and prepares them for the National democratic exercise of elections. But this year the elections were not conducted and the

students council could not be constituted.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

The Institution usually organizes commemorative days like Independence day, Republic day, National Science day, Ozone day and Women's day every year as well as festivals like Onam and Christmas.

As a consequence of the pandemic and lockdown there was no regular

offline classes for students till the December 31, 2020. Hence there were no celebrations on a grand scale involving the whole college as is the usual practice. However on a smaller scale there were some department wise celebrations of Onam and Christmas organized online.

Even after regular classes were allowed in January only fifty percent of students could attend classes on a particular day and that also only for final PG and UG programs. Later in February the first and second year UG and first year PG classes were allowed on a rotation basis with only one year students being allowed for fifteen days followed by the next year students for the next fifteen days. Hence National science day, and Women's day could not be organized.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

### TECH SAVVY CAMPUS

**Objective:** To make the Teaching, Learning and Evaluation process in the HEI in tune with the modern technologically upgraded format.

**The Context:** With the implementation of national lockdown from March 25th the education system faced a huge challenge of imparting education without any physical presence of the students and teachers. It was necessary that the HEI devise a strategy to face this hurdle for the new academic year.

**The Practice:** Many of the older generation of teachers were not so

well versed in using the digital devices for online teaching. So an initiative was taken up by some teachers to coach all the teachers on using the google workspace. A Gsuite ID was created and faculty members were given an email ID with the name of the college.

**Evidence of Success:** All classes were conducted online by all the teachers and the syllabus was completed on time as per the schedule of examinations of each semester of the University. Assignments, Seminars and tests were also conducted on schedule to meet the requirements of internal assessment.

**Problems encountered and resources used:** Many students did not have good net connection, so were unable to attend the online classes. This problem was solved by recording and hosting the video of the classes on you tube or google classroom.

#### GREEN CAMPUS

**Objective:** To convert the campus to an environment friendly pollution free green campus

**The Context:** The HEI is situated on a hilltop with sixteen acres of land. It has plenty of greenery and is ecofriendly. Our endeavor was to maintain its pristine environment by planting more trees to make up for the greenery that was cut down to build buildings for the new library block and Self financing block.

**The Practice:** Our plan was to increase the greenery. This was done by planting more tree saplings along different places in the campus which was not utilized for any other purpose like the playground or buildings. Since the state receives plenty of rainfall and is in the tropical zone we have an excellent atmosphere for maintaining the greenery. Burning of waste was stopped and the campus was kept plastic free.

**Evidence of Success:** The campus has greenery on all sides and since it is situated on a hilltop is comparatively free from pollution. The campus is plastic free and always kept clean.

Problems encountered and resources used: One problem that we faced was the absence of students to implement this project. As a result of the lockdown students were present in the campus only from the beginning of January.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The uniqueness of the institution is seen in its commitment to the development of the local community. The CARE, SHARE and LEARN project introduced six years ago was a major endeavor in this field. This was a well planned five year project that involved a survey of the houses and people in the IX ward of the Manarcad panchayath of which the college is a part. This was conducted to know the problems faced by the local community.

Many programs involving all the clubs, cells, NSS, NCC units and departments of the college was organized to share knowledge and resources. This enriched the life of the community members as well as the students and faculty members. A village fest involving students, teachers, local community members, alumni, administrative staff and management was organized in January each year.

This year this community development involved making sanitizers and handwash liquid for the public and local people using the resources of the college. The hostel was selected as a domiciliary stay center for Covid positive patients during the pandemic.

All this shows our commitment to the community of which the college is an active part.
